In the event of a tie for trophy placement (first through third), the tiebreaker is determined by comparing the two groups in question judge-to-judge (Judge 1 vs. Judge 1, Judge 2 vs. Judge 2, etc.)

Example: Group A receives 98, 94, 90 for an average of 94

Group B receives 94, 93, 95 for an average of 94

Group A wins based on the fact that two out of the three judges have awarded Group A higher scores. If the score remains tied across all three judges, then the tie remains and one ensemble receives the trophy and the other receives the banner. Both receive the individual medals.
