LTC 799 Athletic Administration: Standards of Excellence in Interscholastic Athletic Programs

Monday, October 10th, 5:00pm to 9:00pm, Presented by Doug Killgore, CMAA

LTC 799 has two purposes and potential benefits for HS athletics directors. For newly or recently appointed AD's the course provides an overview of 11 NIAAA LTC courses including key concepts, strategies and best practices. Where working to improve a program or looking for long-range planning guidance, this overview can be of value. At the close of each of the nine chapters, other LTC's are cited for more detailed information. For more experienced directors, the same planning and guidance benefits can be derived. However, an additional benefit and incentive can be realized by seeking NIAAA Recognition of Program Excellence as an exemplary athletic program. For this purpose, the course provides an assessment instrument that describes in detail important components of an educationally sound interscholastic athletic program.
