Discussion/Information Items:

Test to Stay / Test to Play Information - Ms. Marquez discussed the "Test to Stay" program implemented by the Public Education Department to keep kids in school and how "Test to Play" will work to keep students involved in extracurricular activities/athletics. She stated she is working with the CEO of PMG, the NMPED and the Department of Health to work on eliminating the indoor mask mandate during competition and overnight travel regarding vaccinated vs. unvaccinated students. Feedback included support of these programs but also concerns with limited access to tests, personnel, and time to conduct testing on such a large scale across the state.

Scheduling / Regional Assignors - Ms. Marquez discussed the role of regional assignors and how much work they put in each year in comparison to the small stipends they receive for compensation. She stated the NMAA will look at ways to provide additional support to assignors through a possible increase in compensation and/or other resources.

Out-of-Season Coaching - Ms. Marquez discussed out-of-season coaching regulations and asked the group if it was time to look at potential changes. She also presented participation data showing how many single sport athletes there are in New Mexico compared to multi-sport athletes. The Board provided feedback that was both in favor of the current rules and in favor of possible changes that would help ensure these rules are keeping up with the times. The NMAA will continue to review this topic and present possible updates at a later date.

Basketball: Shot Clock - Ms. Marquez stated the NFHS, by state association adoption, approved the use of a shot clock in basketball beginning with the 2022-23 school year. Feedback included concerns over the potential financial impact this could have on schools.

Spirit: Activity vs Sport - Ms. Marquez discussed the possibility of moving Spirit back to an activity rather than sanctioning it as a sport. She stated the NMAA would still hold a state competition for spirit if it was classified as an activity, but there would no longer be regular season competition requirements in order to participate in the state championships.

State Championships: Event Locations - Mr. Ramos discussed the possibility of hosting state championship events for both athletics and activities at New Mexico State University and other higher education entities. Dr. Romero echoed these comments and stated that this would also help increase tourism in those areas, improve relationships with high education entities, and provide more opportunities for student athletes to participate at different venues throughout the state for championship events.

Action Items

Tennis: Universal Tennis Rating - Mr. Scott Owen, NMAA Assistant Director, presented a proposal to require the use of Universal Tennis Rating (UTR) by NMAA-member tennis schools during the 2021-2022 school year to study possible seeding/selection application for future years. This would include participation in both non-school teams as well as school-based teams. Bylaw 6.1.2/9.3 R Student Transferring to Follow a Coach shall read: The transfer/residency requirement is implemented as a means to discourage recruitment and reduce the opportunity for undue influence. Beginning with the summer prior to the 7th grade, if a student participated on/with any team (i.e. Interscholastic, AAU, American legion, club settings, summer programs, etc.) that is affiliated with or coached by a coach associated with that same sport at that school other than the one this Student attends or has attended, and then transfers to that school regardless of change in bona fide residence, it will be assumed that the Student has been recruited to attend that school or transferred to that school for athletic reasons and the Student will be ineligible for all high school athletic participation for 180 school days/ 365 calendar days. If that Student transfers to a school that his/her coach has relocated to, regardless of change in Students bona fide residence, it will be assumed that the Student transferred to that school for athletic reasons, and he/she will be ineligible there for all high school athletic participation for 180 school days/ 365 calendar days. Mr. Dempsey asked for a motion to approve the proposal as presented. Mr. Viramontes made the motion to approve the proposal. Mr. Madrid seconded the motion. A vote was taken and passed unanimously (10-0).
