**Post-Game Decorum:** Ms. Marquez discussed an inquiry from the membership regarding unsportsmanlike behavior during pregame, halftime, and postgame that is initiated by visiting teams by huddling/celebrating/etc. at midfield, mid-court, home plate. BASEBALL, BASKETBALL, FOOTBALL, SOFTBALL – STATE QUALIFIERS

Action Item  
 Discussion Item

Referenda Item  
 Non-Referenda Item

**Presenter:**

Sally Marquez, NMAA Executive Director

**Proposal:**

Consider adjustments to NMAA bylaws that would update the number of state tournament qualifiers in each classification for 2018-2020 in the sports of baseball, basketball, football, & softball.

Baseball

\*Increase from 12 to 16 in Class 2A-5A

\*Class 1A would stay at 4

Basketball

\*Increase from 12 to 16 in all Classes (A-5A).

Football

\*Increase from 10 to 12 in Class 8-Man & 2A-6A.

\*Increase from 4 to 6 in Class 6-Man

Softball

\*Increase from 12 to 16 in all Classes (A/2A-5A)

**Rationale:** The drop from six to five classifications with the new block has not only increased the number of schools in each class, but it has also increased the number of districts. This increase in districts negatively impacts the number of “at-large” state tournament bids. Increasing the number of qualifiers will provide more opportunities for schools that do not qualify via the automatic bid.

**NMAA Staff Recommendation:** Approve

**Attachments:** Document showing number of schools by class in these sports for 2018-2020.

## CROSS COUNTRY – STATE CHAMPIONSHIP QUALIFIERS

Action Item  
 Discussion Item

Referenda Item  
 Non-Referenda Item

### Presenter:

Jacquelyne Martinez, Assistant Director

### Proposal:

Proposal to adjust the number of state qualifiers for the A/2A classification

### Rationale:

With the changes in classification and alignment, the qualifying process for class A/2A needs to be adjusted. Under the new classification and alignment for the 2018-2020 block, cross country will have four (4) districts for class A/2A. In order to qualify for the state meet the current NMAA bylaw 7.14.2B allows for the top three (3) teams in each district plus the top three (3) individual district meet finishers from non-qualifying teams to qualify for the state championship meet. With the changes that will occur to class A/2A there will be an additional 11 teams joining the A/2A classification putting it at thirty-eight (38) schools participating in cross country. If the qualifying process is adjusted for the A/2A classification to allow the top six (6) teams in each district plus the top four (4) individual district meet finishers from non-qualifying teams to qualify to the state championship meet, this will allow for a quality field at the A/2A level to compete at the state meet.

## FOOTBALL – DAYS OF PRACTICE PRIOR TO SCRIMMAGE

Action Item  
 Discussion Item

Referenda Item  
 Non-Referenda Item

### **Presenter:**

Dusty Young, Associate Director

*\*on behalf of Football Sports Specific Committee*

**Proposal:** Consider adjustment to NMAA Football Bylaw 7.15.1.B.3 so that schools/athletes may participate in a scrimmage after eight (8) days of practice. This would be a change from the current rule which requires ten (10) days of practice prior to a scrimmage.

\*Note – This would also apply to middle school / junior high football bylaws as listed in 9.8.4.A.3.

**Rationale:** With the recent change to the NMAA calendar for football which allows regular season games to start one week earlier (Week #8 instead of Week #9), the football sports specific committee felt holding a scrimmage 1-2 days earlier would help with the transition of moving in to the regular season. The group also agreed that eight days of practice prior to a scrimmage was sufficient and would not be a major change from the current 10-day requirement.

In researching other state association policies, it was found that there is not much consistency across the country regarding the number of practices required before a school can scrimmage. In looking at 31 other states, the low was 3 and the high was 18. The average came out at 9.2.

**Budget Impact:** N/A

**Football Sports Specific Committee:** Approve

FOOTBALL – MID SCHOOL / JR. HIGH START DATE FOR 6/8-MAN

Action Item  
 Discussion Item

Referenda Item  
 Non-Referenda Item

### Presenters:

Billy Burns, Logan HS Athletic Director  
Steve Foust, Floyd HS Head Football Coach  
*\*on behalf of 6/8-Man schools*

**Proposal:** Consider adjustment to NMAA Football Bylaw 9.8.4.A.1 so that 6 & 8-Man schools could start practice one week earlier (Week #6 instead of Week #7). The change would add an exception to the current bylaw which reads:

#### 9.8.4 Football

##### A. Practice Regulations

1. *Start Date- Practice may begin on Monday of week #7.*

**ADD:**

*Exception: Schools within the 6-Man & 8-Man Classifications may begin practice on the Monday of week #6, thus allowing their first regular season game to be played during week #8. (All 11-man football playing schools cannot participate in a contest until week #9).*

**Rationale:** With the recent change to the NMAA calendar for football which allows regular season games to start one week earlier (Week #8 instead of Week #9) at the high school level, 6/8-Man schools have encountered an issue with scheduling for their mid school / jr. high programs. Typically, these schools schedule a mid school / jr. high game on the same day as their high school games (played back to back). Starting the high school season in Week #8 and the mid school season in Week #9 causes schools to lose an opportunity to schedule one of their allotted games at the mid school / jr. high level.

**Budget Impact:** Possible time/length added to coach contracts.

### AED & EAP REQUIREMENT – STATE CHAMPIONSHIP VENUES

Action Item  
 Discussion Item

Referenda Item  
 Non-Referenda Item

**Presenter:**

Scott Owen, Assistant Director

**Proposal:**

Require any athletic venue hosting state-level contests to have a venue-specific Emergency Action Plan (EAP) and an accessible Automated External Defibrillator (AED) during state-level contests. Additionally, require the same in the activities of Bowling, JROTC and Rodeo.

New Bylaws:

#### 7.7.8 Emergency Equipment and Planning

Venues hosting state-level contests, member-school venues included, must have a venue-specific Emergency Action Plan (EAP) and be equipped with an accessible Automated External Defibrillator (AED) during state-level contests. Failure to meet either of these requirements forfeits the venue's ability to host state-level contests.

#### 8.1.4 Emergency Equipment and Planning

State Championship venues for Bowling, JROTC and Rodeo must have a venue-specific Emergency Action Plan (EAP) and be equipped with an accessible Automated External Defibrillator (AED) during State Championship contests. Failure to meet either of these requirements forfeits the venue's ability to host State Championship contests.

**Rationale:**

Better ensures the health and safety of student-athletes participating in state-level contests and helps minimize legal risk for schools/districts and the Association.

**Budget Impact:** Bylaw would require member schools hosting state-level contests to provide an accessible AED during competition. Average cost for an AED is around \$1000. The NMAA surveyed member schools in the Fall of 2015 and 48 member schools reported not having an AED in their school. The NFHS Foundation is in the process of working with state associations to provide an AED to any member school that does not currently have one in their school.
