### **General Discussion/Information Items**

Perry Weather - Mr. Scott Owen, NMAA Associate Director, discussed adopting a universal weather application for all NMAA member schools due to inconsistency amongst weather apps. Perry Weather is currently utilized by various school districts with positive experiences but comes with subscription costs. Feedback included concerns with cost, but also that consistency is an important factor to consider.

Dual Residency - Mr. Owen discussed issues surrounding dual residency. There has been an increase in the number of families that own/rent dual residences close in proximity and want to claim their newly rented residence as their primary bona fide residence for transfer eligibility. Mr. Owen discussed the difficulty in regulating these issues and also referenced the idea of a one-time transfer rule that other states are beginning to adopt. General feedback was to maintain the current position on transfers with concerns that a one-time transfer exception could lead to an increase in recruitment along with the development of "super" teams.

Bylaw/Handbook Review - Mr. Young stated there is a need for a complete review of the NMAA Handbook and Bylaws due to the changing landscape of interscholastic athletics and activities. He also mentioned an interest in the Commission having a more integral role in the review of potential policies and proposals. Feedback supported these initiatives.

School Day Event Start Times - Mr. Young stated there has been an increase in inquiries regarding start times to events. Currently events must wait until 3:00 p.m. to start on a school day.

He added however, if superintendents from all school districts involved agree to start prior to 3:00pm, the NMAA has allowed it. Feedback supported the current process, and the NMAA will bring a proposal back to the Commission and Board in May/June to formalize it.

Classification and Alignment for 2026-2028 - Mr. Young stated that the NMAA will begin its work on classification and alignment for the next two-year block (2026-2028) which will be voted upon in December. Feedback included possibly looking at this process earlier than December, if enrollment numbers from PED are available.

### **Action Items**

Boys Volleyball as a Sanctioned Activity - Mr. Greg Villareal presented a proposal to consider approving Boys Volleyball as an NMAA Sanctioned Activity starting in the 2025-2026 school year. Mr. Casados asked for a motion to approve the proposal as presented. Mr. Madrid made a motion to approve the proposal. No second was given, proposal fails due to the lack of a second.

Middle School: Culminating Events - Mr. Young presented a proposal to provide language to permit culminating season events for Junior High/Middle School students that are not championship based. Bylaw 9.7.3 shall read as follows:

9.7.3 Championships Prohibited: (underlined language added)

There shall be no district/regional/state championships declared in any phase of interscholastic competition at the Junior High/Middle School level. Non-championship culminating season events are permissible with NMAA approval.

# **SECTION X**

## **CHARTER SCHOOL/ALTERNATIVE SCHOOL/HOME SCHOOL/NON-MEMBER PRIVATE SCHOOL STUDENT PARTICIPATION**

**(Please also refer to Section VI for additional bylaws  
regarding Student eligibility for participation)**

---

### **10.1 CHARTER SCHOOL PARTICIPATION ELIGIBILITY**

---

#### **10.1.1 Definition of Charter School**

A Charter school is a public school developed by one or more parents, teachers or community members authorized by the local school board or the Public Education Commission to provide an alternative educational setting to parents and students in the public school system.

#### **10.1.2 NMAA Member Charter Schools**

Member charter schools must follow all rules and regulations outlined in this Handbook. Students representing their member school in athletics/activities must meet all eligibility requirements outlined in Section VI of this Handbook. Declaration of athletics/activities the school intends to offer must be submitted to the NMAA one year prior to the two-year alignment/classification block as per NMAA Alignment/Classification Bylaws (See Section 4.1.3). If the member charter school does not declare a particular sport/activity, the eligible student may participate in that sport/activity at the public school in the Student(s) residence attendance zone. ### SCHOOL DAY EVENT START TIMES

☒ Action Item                      ☒ Referenda Item  
☐ Discussion Item                      ☐ Non-Referenda Item

#### **Presenter:**

Dusty Young, Executive Director

**Proposal:** Update bylaw 3.7.1 so that single day events held on school days can start prior to 3:00 p.m. with superintendent/headmaster approval.

#### **3.7.1 Athletics and Activities in Regular Season - CURRENT**

- A. One-day events must be scheduled on Saturday or other non-school days (all day) or start on or after 3:00 p.m. on school days.

Exception: Golf, due to the unavailability of courses on Saturdays.

- B. Multiple day events must include Saturday or other non-school days.

Note: The Director has the authority to set aside this rule when necessary or upon request, when conditions and unusual circumstances warrant the exception.

#### **3.7.1 Athletics and Activities in Regular Season – PROPOSED**

- A. One-day events scheduled on Saturday or other non-school days may start at any time.

- B. One-day events scheduled on a school day must start at 3:00 p.m. or later unless approved by the Director and superintendent/headmaster from each participating school.

Exception: Due to the limited availability of courses, golf events may start at any time.

- C. Multiple day events must include Saturday or other non-school days.

Note: The Director has the authority to set aside this rule when necessary or upon request, when conditions and unusual circumstances warrant the exception.

**Rationale:** The NMAA has seen an increase in requests to start regular season contests held on school days prior to 3:00 p.m. This occurs most frequently with individual sport events that involve multiple schools and thus take more time to complete and team sport events at venues that do not have lights. Standard practice in recent years has been to allow start times prior to 3:00 p.m. if the superintendent/headmaster of each participating school approves the deviation and officials can be assigned by the NMAA office. This update aligns bylaws with current practices.

### BOYS' WRESTLING WEIGHT CLASSES

☒ Action Item                      ☒ Referenda Item  
☐ Discussion Item                      ☐ Non-Referenda Item

#### Presenter:

Scott Owen, NMAA Director of Wrestling

**Proposal:** Increase boys' wrestling weight class beginning next wrestling season (2025-2026).

#### Proposed:

7.24.1.F.5 – Boys' Weight Classes

There will be fourteen (14) weight classes utilized for boys' wrestling:

106	120	132	144	157	175	215
113	126	138	150	165	190	285

#### Current:

7.24.1.F.5 – Boys' Weight Classes

There will be thirteen (13) weight classes utilized for boys' wrestling:

107	121	133	145	160	189	285
114	127	139	152	172	215	

**Rationale:** During the 2021-2022 SY, the first year in which the NFHS realigned weight classes and provided weight class options for state associations to choose from, boys' weight classes were reduced from 14 weights to 13. The rationale for the reduction at the time was to field more weight classes, reduce forfeits during dual meets, and increase competitiveness of the state event.

Unfortunately, in the three seasons in which the NMAA has used the 13-weight class option, there has been no marked change in dual meet forfeits or percentage of weight classes fielded, even though boys' wrestling has seen an overall increase in participation numbers. Additionally, it has created logistical issues during interstate competition, with most states opting to utilize the new 14-weight class option.

While it could be argued the state event has seen an increase in competitiveness, overall, the reduction does not appear to have had its intended effect and increasing weights will alleviate logistical issues during interstate competition and afford teams, with the ability to do so, the option to provide an additional varsity opportunity.

**Budget Impact:** Minimal budget loss for some schools with one additional weight class to field/fund. Minimal budget gain for NMAA due to potential gain of state spectators.

### GIRLS' WRESTLING WEIGHT CLASSES

☒ Action Item                      ☒ Referenda Item  
☐ Discussion Item                      ☐ Non-Referenda Item

**Presenter:**

Scott Owen, NMAA Director of Wrestling

**Proposal:** Increase girls' wrestling weight class beginning next wrestling season (2025-2026).

**Proposed:** 7.24.1.F.4 – Girls' Weight Classes  
There will be fourteen (14) weight classes utilized for girls' wrestling:

100	105	110	115	120	125	130
135	140	145	155	170	190	235

**Current:** 7.24.1.F.4 – Girls' Weight Classes  
There will be twelve (12) weight classes utilized for girls' wrestling:

100	107	114	120	126	132
138	145	152	165	185	235

**Rationale:** When girls' wrestling was initially sanctioned, twelve (12) weight classes were initially assigned to girls' wrestling due to limited participation numbers. However, due to the continual growth in girls wrestling, especially at the lighter to middle weight classes, an increase in weight classes is appropriate.

The NFHS' 14-weight class option aligns more closely with our surrounding states and provides additional weight classes where we're seeing the most growth and participation. The 14-weight class option would also align with the proposed weight class changes for boys' wrestling.

**Budget Impact:** Minimal budget loss for some schools with two additional weight classes to field/fund. Minimal budget gain for NMAA due to potential gain of state spectators.
