Notes to Classification and Alignment proposal spreadsheet:

- 1) SQ = “status quo”. Used 08-09 80 day enrollment numbers for grades 9-12 instead of the 8-11 grades (with alternatives) that had been used originally to create this block. We then determined the lowest enrollment total within each classification at that time. That became our floor for the classification for the SQ proposal. 5A is 1601 and above, 4A is 1600 to 801, 3A is 800 to 401, 2A is 400 to 151, A is 150 to 69, and B is the remainder.
- 2) C2 - Six equal classifications. Private/boarding schools with enrollment above 125 have a 1.3 multiplier applied before classifications are determined.
- 3) C3 – Use enrollment of 400 as the boundary for large and small schools. Schools with enrollment of 400 and lower in grades 9-12 are divided into 3 equal classes (2A, A, B). Schools with enrollment of 401 and above in grades 9-12 are divided into 3 equal classes (5A, 4A, 3A). Private/boarding schools with enrollment above 125 have a 1.3 multiplier applied before classifications are determined.
- 4) C4 – Equal numbers of schools in large school classifications (i.e. 24 schools each in 5A, 4A, and 3A) and the remaining schools are split equally into classes 2A, A, and B. Private/boarding schools with enrollment above 125 have a 1.3 multiplier applied before classifications are determined.
- 5) Columns with “-no” in the title have no multiplier applied. All other characteristics are the same as identified above for the corresponding proposal. For example, “C2-no” is six equal classifications without a multiplier.
- 6) No assumptions were made about a school choosing to move up in class. Schools were only moved up or down based on the criteria for each proposal.
- 7) Schools shown in yellow are private/boarding schools. Their enrollment number with a 1.3 multiplier applied, is shown next to their name. These schools do not yet have 2012 40-day enrollment numbers factored in.
- 8) Schools highlighted in blue do not yet have 2012 40-day enrollment numbers factored in.
- 9) Red highlights in each proposal, reflect starting points for a classification based on the criteria for that proposal.
