GENERAL AND BASIC INFORMATION

1.1 PREFACE

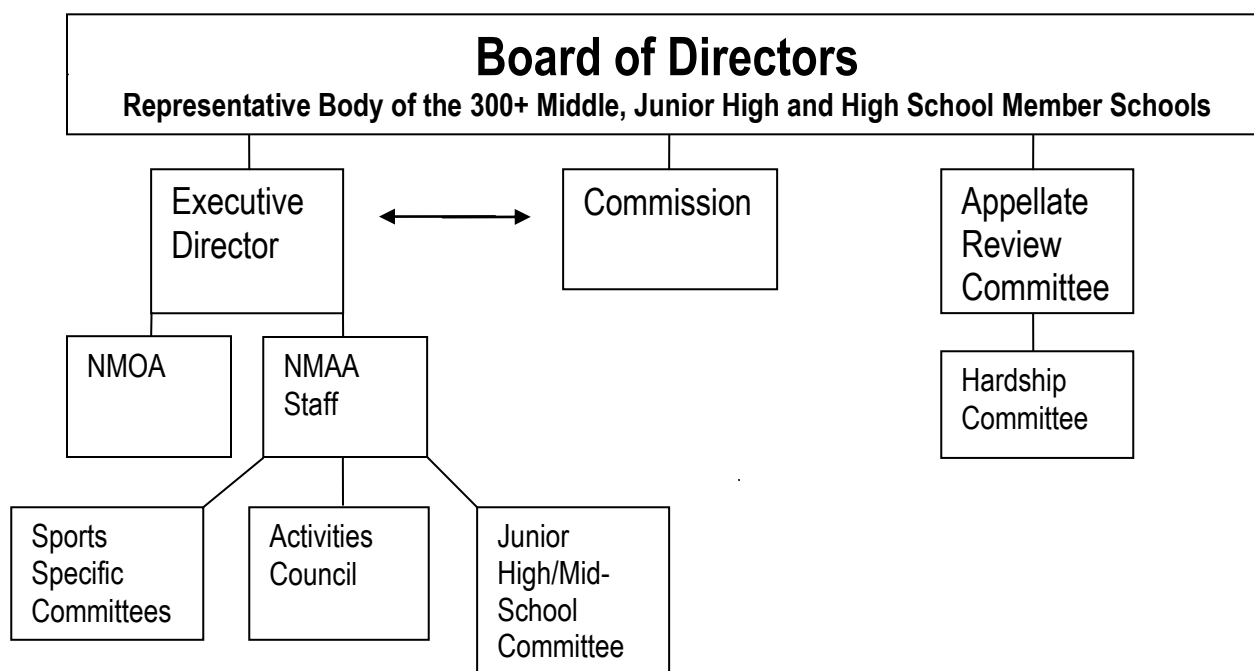

This Handbook serves as the official publication of the New Mexico Activities Association; hereafter referred to as “the NMAA” or “the Association,” and is designed to assist school administrators, coaches and advisors with the everyday implementation of interscholastic activity programs.

The Handbook includes the Association’s Constitution, bylaws and general information pertaining to overall membership and responsibilities for interscholastic/performance activity educators.

School administrators are expected to make the information contained in this handbook available to those responsible for conducting the various interscholastic programs, who in turn are asked to review all rules and regulations with the participants in their respective programs. All identified responsibilities/sanctions/roles contained in this Handbook are required and, by rule, subject to penalty for non-compliance.

If you have any questions about a rule or any NMAA published document, communication should take place immediately with the NMAA office.

1.2 NMAA ORGANIZATIONAL FLOW CHART

1.3 HOW THE NMAA WORKS

A. WHAT IS THE NMAA?

The New Mexico Activities Association was formed in 1921 as a private/non-profit organization whose principle purpose is the regulation, direction, administration and supervision of interscholastic activities in the State of New Mexico. The NMAA prides itself in its leadership, providing educational and social experiences for the students and communities of New Mexico.

The NMAA is a membership led organization. Member schools have an active voice in establishing all rules and regulations in regards to interscholastic activities and athletics. Alignment and classification and finance issues are the purview of the Board of Directors.

B. WHO MAKES UP THE NMAA?

The New Mexico Activities Association is comprised of New Mexico public and private middle/junior high and senior high schools. Each senior high member school is placed into a competitive district according to their enrollment and geographic location for the purpose of conducting and managing NMAA sanctioned events within that district.

C. WHEN THE NMAA MEETS

The Board of Directors (hereafter referred to as “the Board”) has a minimum of four regularly scheduled meetings each year, while others may be called as deemed necessary by the Director and/or the Board President. These meetings are open to the public with “Roberts Rules of Order” governing procedure. The Association’s mandatory Annual Meeting of the schools is held each October. Official voters and school administrators come together to hear reports and discuss general business. (Section II)

D. HOW SCHOOLS ARE ALIGNED AND CLASSIFIED

Member schools are divided into classifications. Placement into classifications is based on an average of forty (40) day enrollment numbers in grades 9 through 12 for the three (3) years just prior to the start of a new block. Each classification of schools is then organized into districts, when applicable, in order to conduct interscholastic sports. When establishing classifications/districts, procedures and criteria established by the Board are followed. (Section IV)

E. HOW THE PROGRAM OF THE NMAA IS ADMINISTERED

The Board is composed of thirteen voting members who direct the overall business of the NMAA (Section II). They are elected for three (3) year terms or are appointed as follows:

- Two superintendents/private school chief executive officers or headmasters are elected from each geographical region (A, B, C, D) of the NMAA alignment of schools. Four of these individuals are elected to represent the small schools in each area and four are elected to represent the large schools.
- Two appointed members, one from each of the two public school districts with the largest K-12 student enrollment in the state, are affirmed annually at the January Board of Directors meeting.
- One member appointed by the State School Boards Association for a one-year term and affirmed by the Board annually at its January meeting.
- One member serves as an at-large representative and is appointed for a three-year term by the NMAA Board President and is affirmed by the Board at its next January meeting.

- The Chairperson of the Commission serves as a member of the Board and is affirmed annually at the January Board of Directors meeting.

The Commission is responsible for the oversight of sanctioned athletics/activities statewide, subject to the authorization granted by the Board. The Commission advises and recommends changes or amendments to NMAA policies, rules, regulations and operating procedures. Its' membership is composed of sixteen voting members who are elected or appointed as follows:

- One member is elected from each area of the NMAA alignment of small schools.
- One member is elected from each area of the NMAA alignment of large schools.
- One member is elected from the non-public schools of the Association.
- One member is appointed by the National Association of Secondary School Principals, New Mexico Division.
- One member is appointed by the State High School Athletic Directors Association.
- One member is appointed by the New Mexico State High School Coaches Association.
- One member is appointed by the NMAA Activities Council.
- One member is appointed by the State Officials Association.
- One member is appointed by the State School Boards Association.

The Activities Council, Bylaws Committee, and Sports Specific Committees are responsible for evaluating NMAA rules, regulations and procedures, providing input, and making recommendations involving their area to the Commission.

F. HOW THE NMAA IS FINANCED

1.5 THE NATIONAL FEDERATION OF STATE HIGH SCHOOL ASSOCIATIONS (NFHS)

The National Federation is an organization of the fifty autonomous state high school athletic and/or activities associations and the association of the District of Columbia. Additionally, the nine interscholastic associations from the Canadian Provinces of Alberta, British Columbia, Manitoba, New Brunswick, Nova Scotia, Ontario, Quebec, Prince Edward Island, and Saskatchewan are affiliated with the National Federation as are the associations of St. Croix and St. Thomas-St. John.

Collectively, the associations through their common commitment to high school athletic/activities form the National Federation. These organizations have established the National Federation as a means of maintaining cooperative, reciprocal relationships among all of the member associations. As the mechanism for maintaining these relationships, the National Federation provides a common forum for administering high school activities, through a democratic governance process, by all who direct these programs.

Through its national office, the National Federation has established an administrative entity to coordinate and support the functions of the organization. The administrative office is a conveyor of a large number of meetings and committees for the promulgation of rules, publisher of extensive media materials to support the operation of the organization, and is a resource for and a repository of information/data for high school activities programs.

As stipulated in the National Federation Constitution, the National Council is the legislative body of the organization which annually elects a specified number of members to staggered terms on the Board of

Directors, the administrative entity which conducts the business and day-to-day operations of the organization through the director and administrative staff.

The National Federation is committed to diversity and inclusiveness in the administration of the organization. This commitment is achieved by providing opportunity for any National Council member to serve on the Board of Directors.
