TEAM RECORDS

The “modern era” for football in New Mexico can be determined to be 1950 when the NMAA established a method for determining state championships. While the NMAA monitored and regulated the sport prior to 1950, it had no reason to verify or maintain records of schools or athletes. Consequently, where noted, these records are from the modern era beginning in 1950.

INDIVIDUAL RECORDS -- OFFENSE

Individual records are primarily accumulated by submissions from schools and coaches. Some records can be independently verified due to public or media attention. However the vast majority are received and authenticated by NMAA. If a record does not appear on these official records, it is because it has not been submitted for approval or within the top ten of records submitted.
