

TERMS

By completing this audition process, you authorize the New Mexico Activities Association to schedule you for a performance(s) of the National Anthem at one or more of the NM High School State Championship events per your availability. An individual/ensemble selected by the NMAA will remain in the performance database indefinitely and subsequent auditions are not necessary. Ensembles may not have more than eight members unless an exception is made by the NMAA at the time of the audition. Performances cannot require set-up of any kind and must be performed using the equipment available. No additional equipment (with the exception of instruments) will be permitted. No electric instruments will be permitted. Performers must be able to enter the performance area, complete the National Anthem, and exit the performance area without any delay. Each individual/ensemble must arrange transportation to and from the event venue. Once an individual/ensemble has been scheduled for a performance, it is the responsibility of the individual/ensemble to contact the NMAA if any conflicts arise. Any individual/ensemble that does not complete their scheduled performance without making prior notification to the NMAA will be removed from the performance database. Performances will be scheduled before championship brackets/line-ups are completed. Performers will be scheduled to sing within their classification when possible and applicable. Requests to perform at a contest of a specific school will be considered, but cannot be guaranteed.
