GAMES INTERRUPTED “NEW” POLICY:

The membership of the NMAA recently voted via referenda to revise NMAA Bylaw 7.10 with the following verbiage:

7.10.1 The game officials are the only authoritative body that may interrupt a game or event. In sports where no officials oversee the event, the host school administrator shall determine the rules regarding interrupted games.

7.10.2 In the event that a game must be interrupted because of conditions which make it impossible to continue play (i.e. lightning, darkness, power outage, etc.) the head official/ referee shall declare it an official game if one complete half or more of the game has been played; based upon the NFHS definition of a regulation game.

If less than one-half of the game has been played, and it is a district game/ post season game, the game must be rescheduled from the point of interruption/ suspension of play.

If less than one-half of the game has been played, and it is a non-district game, the participating schools must mutually agree to reschedule the game from the point of interruption/ suspension of play or the game will be considered a nongame.

Note: If one complete half or more of the game has been played in a postseason game, it will be left up to the discretion of the tournament director and or the NMAA Executive Director to determine if the game is played to its entirety.

7.10.3 If the contest is to be finished at a later date, both schools share equally in the expense of the visiting school.

7.10.4 Only participants eligible at the interruption are eligible when the contest is resumed.

7.10.5 Officials receive one additional round-trip mileage when working the remainder of the game/event at a later date, but receive only one officiating fee. If the same crew cannot be used to complete the game, both the original officiating crew and the crew assigned to complete the game will receive officiating fees. Both crews would receive mileage reimbursement.

7.10.6 In the event of lightning, refer to the NFHS Lightning disturbance policy.

The following NFHS Lightning Policy can be found in the NFHS Soccer rule book.

The purpose of these guidelines is to provide a default policy to those responsible for making decisions concerning the suspension and restarting of contests based on the presence of lightning. The preferred sources from which to request such a policy for your facility would include your state high school association and the nearest office of the National Weather Service.

Proactive Planning

1. Assign staff to monitor local weather conditions before and during events.
2. Develop an evacuation plan, including identification of appropriate nearby shelters.
3. Develop criteria for suspension and resumption of play:
 - a. When thunder is heard, or a cloud-to-ground lightning bolt is seen, the thunderstorm is close enough to strike your location with lightning. Suspend play and take shelter immediately.
 - b. Thirty-minute rule. Once play has been suspended, wait at least 30 minutes after the last thunder is heard or flash of lightning is witnessed prior to resuming play.
 - c. Any subsequent thunder or lightning after the beginning of the 30-minute count, reset the clock and another 30-minute count should begin.
4. Hold periodic reviews for appropriate personnel.

For more detailed information, refer to the “Guidelines for Lightning Safety” contained in the NFHS Sports Medicine Handbook.

NFHS UNIFORM POINTS OF EMPHASIS:

Fall 2013 – Home White Jersey

The home team shall wear white or light jerseys and socks, and the visiting team shall wear dark jerseys and socks. **Beginning with the 2013 fall season, the home team shall wear solid white jerseys and solid white socks**, and the visiting team shall wear dark jerseys and socks. Prior to and during the game, jerseys shall be tucked into the shorts, unless manufactured to be worn outside.

Jerseys and Numbers:

All jerseys, except those worn by goalkeepers, shall be numbered **on the back** with a different Arabic number at least six inches in height **and on the front** (jersey or shorts) with the same number, which shall be at least 4 inches in height. Numbers shall be of contrasting color to the jersey (or shorts) and clearly visible.

Beginning with the 2012 fall season, all jerseys, shall be numbered on the back with a different Arabic number at least 6 inches in height and on the front (jersey or shorts) with the same number which shall be at least 4 inches in height. Numbers shall be of contrasting color to the jersey (or shorts) and clearly visible.

Shinguards:

All Shinguards must meet NOCSAE specifications and carry the required stamp or seal of approval. A player wearing shinguards more than 2 inches above the ankle shall be instructed to leave the field of play when the ball next ceases. This player would be improperly equipped.

Manufacturers are required to produce shinguards that will minimize risk to players. Correctly sized and safety-regulated shinguards should greatly assist in the reduction of leg injuries in high school soccer.

The new NOCSAE shinguards will be stamped or labeled with the NOCSAE logo. They will specify which size is correct for a particular sized player, making it easy for players, coaches and officials to differentiate which shinguards are to be worn.

SUB-VARSITY OT:

The membership of the NMAA recently voted via referenda to revise the overtime procedures for sub-varsity games. NMAA Bylaws now read: *“Sub-varsity games are considered an official game at the end of regulation, regardless if the game is tied.”*

CONCUSSION MANAGEMENT:

Coaches are reminded that as a result of New Mexico State Senate Bill 1, any player who exhibits signs, symptoms, or behaviors consistent with a concussion (such as loss of consciousness, headache, dizziness, confusion, or balance problems) shall be immediately removed from the contest and shall not return to play until cleared by an appropriate health care professional.

All New Mexico coaches are required to take the NFHS Concussion Management course annually at www.nfhslearn.com; please see your school's athletic director for additional information regarding this requirement.

STATE CHAMPIONSHIPS

Seeding/ Selection Meetings:

The State Championship Seeding/ Selection meeting will be held on Sunday, October 23. Coaches are encouraged to submit their “Seeding/ Selection School Input Forms” no later than 10:00 AM on October 23. Brackets/ Results:

All brackets/ results will be posted on the NMAA website immediately following each contest.

DISTRICT TIE BREAKING PROCEDURES:

The NMAA has universal district tie breaking procedures for all team sports. The district tie breaking procedures for the sport of soccer are below:

District Tie-Breaking Procedures to Determine Placement

In the event that two or more teams tie during regular season district play, placement is determined by a goal differential system during the season as follows:

1. Compare the results of head to head competition: If one team has defeated the other(s), that team has earned a higher placement.
2. Placement shall be determined by a goal differential of the teams tied based on district games, with 5 points being the maximum allowed for any one game. Each team involved uses either a plus or a minus goal differential; if a team wins by 5, they are credited (+5); the other team has a deficit (-5) in the calculation.
3. If two or more teams tie on the goal differential of the tied teams, the team which defeated the other teams in regular district play has earned the higher placement.
4. If all teams tie in the goal differential of the tied teams, the goal differential on all district games shall be used with 5 points being the maximum allowed for any one game.
5. If two or more teams tie in the goal differential of the tied teams on all district games, the team which defeated the other teams in regular district play has earned the higher placement.
6. If all teams tie in the goal differential on all district games, the least number of goals allowed in district play shall be used. The team which has allowed the least number of goals has earned the higher placement.
7. If all teams are still tied, a coin toss determines placement.
8. This process, including the coin toss, is administered by the NMAA staff. The official declaration of results is the responsibility of the Association staff.

Example A:

Team A and Team B are tied at the end of the season with a 2-2 record. Team A defeated Team B by a score of 5-2 and 3-1; therefore, Team A has earned the higher placement.

Example B:

Team A and Team B are tied at the end of the season with a 2-2 record. Team A defeated Team B by a score of 4-1 and Team B defeated Team A by a score of 3-2. Team A would have +3 and -1 goal differential, totaling +2, while Team B would have -3 and +1 goal differential, totaling -2. Therefore, Team A has earned the higher placement.

Example C:

Teams A, B and C are all tied with a 2-2 record. The results of the district games are as follows:

Team A (4) vs. Team B (2)

Team A (2) vs. Team C (3)

Team B (5) vs. Team C (1)

Results: Team A +1, Team B +2, Team C -3

Therefore, Team B has earned the highest placement, with Team A receiving the second highest placement and Team C finishing last.

COACH/ ATHLETE EJECTION POLICY:

The New Mexico Activities Association requires that all coaches, school personnel and athletes who have been ejected from a game or contest complete an on-line educational program in order to be approved to participate again.

NMAA bylaw 7.7.2 states that any coach or participant who is ejected from an athletic contest/game, regardless of sport, is required to sit out the next contest/game minimally, at all levels. This penalty is the responsibility of the local school district to impose. This sanction is subject to final approval by the NMAA after such violation is reported within a reasonable time frame but prior to the next contest. In addition to the one game suspension, ejected parties must complete this on-line PVWH component prior to returning to competition.

Please note that member schools will be assessed a financial sanction as per Section 7.7.2 of the NMAA bylaws.

NMAA Misconduct Progression Rule***Rule (NMAA Handbook, 7.17.5):***

A. Yellow cards received during regular season or tournament competition must be counted. Once a player has accumulated five yellow cards, they are suspended for the next game. Once the player accumulates three additional yellow cards (totaling eight yellow cards), they are suspended for the next two games and are required to attend a meeting with the school's Athletic Director, head coach and the NMAA Executive Director or his/her designee. Any additional yellow cards received by a player after eight total cards will be subject to more severe penalties by the NMAA Executive Director, including but not limited to suspension from additional contests.

B. Any team whose players and coaches, during the regular season, collectively receive a total of 24 or more yellow cards (including all second yellow/red cards and straight red cards) will be required to attend a meeting with the school's Athletic Director and the NMAA Executive Director or his/her designee.

C. Any school receiving 32 or more yellow cards will be prohibited from participation in post-season. Any yellow/red cards received by the coach will count toward the 32 card total. (Note: The 32 card total is in effect for a two-year block, at which time this amount will be revisited by the NMAA Soccer Sport-Specific Committee and NMAA Commission.)

D. If a player receives a red card or a second yellow card resulting in disqualification, that individual is suspended for the next scheduled game. These are minimum penalties. All yellow and red cards must be reported to the NMAA.

E. Upon the commencement of post-season, all players and coaches receive a “clean slate” for the accumulation of cards. However, any pending sit-out resulting from the accumulation of cards or a direct send-off must be fulfilled in post-season if the requirement for a sit-out has not been satisfied during the regular season. For example, if a player receives his/her fifth yellow card or is sent off during the final regular season game, he/she will be required to sit out the first game of the post-season if the team has qualified for post-season competition or the first game of the next season if the team has not qualified for post-season competition.

OUT-OF-SEASON COACHING DURING THE SCHOOL YEAR:

There shall be no out-of-season coaching during the school year of current or potential athletes, including feeder-school students beginning at the 7th grade (8th grade in schools that do not allow 8th grade participation at the high school level), with the exception of an athletic class or one hour a day Monday through Friday for those sports programs that do not have an athletic class. This provision applies to all school coaches, paid and volunteer. This rule prohibits coaching these individuals on any team (school or non-school sponsored) out-of-season during the school year.
