

Memo

Date: November 8, 2011
To: Volleyball Coaches
From: Sally Marquez, Assistant Executive Director
Re: State Tournament Information

1. Santa Ana Star Center does not allow outside food and drink into the facility. Please refrain from bringing in coolers, drinks, outside food, etc. Santa Ana administrators have told us that all food and drink will be confiscated at the door.
2. We are on a tight schedule, particularly in pool play and the 1st round matches. Once a match is over, we will begin warm-up time for the next match immediately.
3. Prior to getting on the court at Santa Ana for warm-up, there is an area next to Court #4 for your use. Handling the volleyballs on the concourse is prohibited.
4. Warm-up starting with the 1st round matches thru the finals is 6-6-3. During pool play, warm-up is 4-4-2 for your 1st time on the court. If the two teams on the court have already participated in pool play, then the warm-up time will be 3-3-1.
5. Locker rooms are available if requested. Please see one of the NMAA administrators if you need a locker room.
6. An athletic trainer is on site for your use.
7. The hospitality room will be stocked with drinks and snacks only. Due to tightening of the budget, we will not be able to supply meals for coaches.
8. You are allowed 14 uniformed players on the roster. No more than 20 members of a qualifying team will be permitted to sit on the bench, behind the bench, or at the scorer's table. This includes players, coaches, managers, "JV players", athletic trainers, administrators, etc.
9. Noisemakers are permissible except during play, which includes the serve, as long as they do not simulate a whistle or horn. Officials or NMAA administrators have the right to confiscate any noisemaker if not used appropriately.
10. Bag Tags are included in your coaches' packet as souvenirs. They do not gain entry into the facility. If players are not entering as a team, they must show an ID and have their name in the program in order to gain free entry through the comp door.
