NMAA Directors’ Report:
Mr. Dusty Young, NMAA Associate Director, discussed (2) items on his report: 1) a recap of the Spring Championships; and 2) an update on the NMAA Foundation Golf Classic.
Financial Report:

Credit Card Fees - Ms. Kessler-Schwaner discussed the increase in schools that want to pay membership dues with credit cards and the fees associated with this that are absorbed by the NMAA. The group felt that these fees should be passed on to the school in the future since they do have an option to pay by P.O. instead of with a credit card.

NMAA Activities Report:
Ms. Dana Pappas, NMAA Deputy Director, presented the activities report. She discussed three (3) items on her report: 1) she stated that the majority of the state events for sanctioned activities took place in the spring and information for those could be accessed on the NMAA website; 2) she informed the group that the State Rodeo Championships and State FFA Convention will take place in the coming weeks; and 3) she provided a recap of the State Concert Band and Choir Contests and thanked Cleveland High School for hosting the events. Mr. Young then added a brief report on the inaugural Esports season and state championships.

New Mexico Officials Association Report:
Ms. Pappas presented the officials report. She discussed five (5) items on her report: 1) she commended the assignors throughout the state for their work in covering games during the severe officials’ shortage; 2) she encouraged member schools to actively recruit former players to help increase numbers; 3) she provided a recap of the selection process for varsity regional assignors for fall and winter sports and gave a timeframe for said selection in spring sports; 4) she stated that there may be a future agenda item regarding an increase in baseball umpires’ fees per previous comments made by the NMAA Board; and 5) she provided an update on the various officials’ camps and clinics that would take place over the summer, including but not limited to the NMOA State Clinic and Referee Educational Forum.

Action Item:
STEM Championships - Mr. Bill McCamley, New Mexico’s Cabinet Secretary for the Department of Workforce Solutions, presented a proposal to consider adding the “STEM Challenge” as an NMAA sanctioned activity that would conclude with a state championship event. Mr. Viramontes asked for a motion to approve the proposal. Mr. Campbell made the motion to approve the proposal as presented. Mr. Host seconded the motion. A vote was taken and passed unanimously (15-0).

General Discussion/Information Items:
Scholastic Eligibility for 8th graders - Mr. Young introduced an item that was brought to the NMAA’s attention by Mr. Henderson pertaining to scholastic eligibility for 8th graders. The topic centered on current bylaws that provide 6th, 7th, & 9th grade students with a “clean slate”, whereas this is not provided to an 8th grader unless they are playing at the high school level. The group felt that discussion regarding this item should continue moving forward.

Event Cancellations by Host Schools - Mr. Host introduced an item pertaining to event cancellations made by host schools without notice to visiting schools and the problems associated with this practice. The group discussed NMAA involvement, but felt that host schools should make sure to do a better job of communicating when this does occur.
Seeding & Selection - Mr. Mabrey & Mr. Young discussed seeding & selection and some of the concerns that have been brought to them by coaches and athletic directors over the last few months. This included the interest in changing criteria so that only a rankings system was used, or that the current criteria were updated to include some sort of strength of schedule component. After discussion, the group provided feedback that this topic should continue to be reviewed and possibly a committee formed to consider potential changes moving forward.

Out of Season Coaching - Ms. Sally Marquez, NMAA Executive Director, discussed the issues regarding out of season coaching and possible need to revamp NMAA bylaws to keep up with current times. Mr. Mabrey supported potential changes on behalf of the NMHSCA. The group agreed that discussion about out of season coaching bylaws should continue and that a committee should be formed to formulate ideas for the membership to review.

Regular Season Event Fees - Ms. Marquez reintroduced the fees associated with numerous regular season events and the concerns behind this practice. The Commission felt that fees should continue so that expenses from serving as host are covered, but that these events should not serve as fundraisers. Because of this, the group recommended that an action item be taken to the Board which would require regular season event fees be paid directly to the school's athletic/activity fund and not to booster clubs.

Standardizing Districts - Ms. Marquez discussed current district tournament formats from around the state and the possible need for standardization. The group felt that this should be left up to the individual districts.

State Championship Qualifiers - Ms. Marquez discussed state tournament qualifiers and how some sports/classifications may need to have these numbers lowered. The group felt that this should be considered for the future as the new classification & alignment block for 2020-2021/2021-2022 is implemented.

Golf: Two Classifications - Ms. Marquez discussed the limited number of teams that qualified for state in Class A-3A Golf. She stated that this would be reviewed at the next NMAA Golf Sports Specific Committee Meeting.

Classification & Alignment: Timeline/Process - Ms. Marquez informed the Commission of the timeline in regards to classification and alignment for the 2020-2021/2021-2022 block. More information regarding this process would be brought to the Commission & Board in September.

Football: Third Party Summer Camps - Ms. Marquez discussed allowing athletes in the sport of football to attend one full padded, full contact camp with their high school coach(es) during the summer. The camp would have to be put on by a third party, not a member school, and also be approved by the NMAA. Mr. Mabrey and Mr. Young spoke on behalf of this proposal for football coaches and provided information each received during a recent meeting of the National High School Football Coaches Alliance & USA Football Conference. A proposal outlining this potential bylaw change will be placed as an action item at a future Commission Meeting.

Sportsmanship/Compete with Class Update - Ms. Marquez stated that she felt the membership was making progress in regards to sportsmanship and that the NMAA will continue its efforts in promoting the Compete with Class initiative to ensure this momentum is sustained.
Spirit: State Event - Ms. Marquez asked for feedback on the future of the State Spirit Championships due to the severe lack of sportsmanship displayed during and after the 2019 competition. Feedback included sanctioning schools that show bad sportsmanship and the possibility of returning Spirit to an activity. She will discuss this with the Board of Directors before a final decision is made.

Forfeitures/Not Completing Schedules - Ms. Marquez reintroduced an item pertaining to the increase in forfeitures and schools not completing their schedules. The group discussed the item in length but it was felt there is no immediate solution for this problem.
