Financial Report:

Ms. Shari Kessler-Schwaner, NMAA Business Manager presented the 2012-2013 Sports Financial Reports. Ms. Kessler-Schwaner stated that the 2012-2013 Audit Report will be presented at the September 25, 2013 NMAA Board of Directors meeting.

NMAA Activities Report:

Ms. Dana Pappas, NMAA Deputy Director, discussed two items on her report: (1) The Activities Council Meeting which took place September 3, 2013. Ms. Pappas discussed a) the success of dividing the activities amongst the NMAA staff, b) fewer schools participating in activities, but more individual participants in many activities, c) the increased funding for activities through the efforts of Senator Howie Morales (from \$1000 per activity to \$2000), and d) Music Events Meeting at Rio Rancho Public School on September 20, 2013 for band, choir, and orchestra; and (2) the next meeting of the Activities Council on January 14, 2013 where the PED will be invited to present information concerning the possibility of the addition of activities participation to the

STARS system for coding, group insurance information, and expanding outreach to member schools about activities in an effort to increase involvement.

NMOA Report:

Ms. Dana Pappas, NMAA Deputy Director, discussed four items in her report; (1) a summary of the 2013 summer events which included basketball camps, NMOA State Clinic, Referee Educational Forum and the Ken Murphy Football Camp; (2) the use of Hudl.com for football and basketball training and evaluation of officials; (3) online coaches feedback for all sports; and (4) the 2014 NASO Summit meetings with Barry Mano, the scholarship process, and events to highlight officials in the months leading up to the Summit in Albuquerque.

General Discussion/Information Items:

Upcoming Commission / Board Elections: Mr. Bill Cleland, NMAA Associate Director, announced upcoming vacancies for the NMAA Commission and Board of Directors for terms expiring on December 31, 2013: Commission - Small Areas A and C, Large Areas C and D; Board – Small Areas A and C, Large Area D.

6 and 8 Man Football: Mr. Dusty Young, NMAA Associate Director, asked members for feedback concerning the future of 6 and 8 Man Football.

Centralized Championships (football): Mr. Dusty Young, NMAA Associate Director, asked for feedback concerning centralized football State Championships, stating that UNM and APS have expressed interest in hosting the event.

Track and Field Number of Events per athlete: Mr. Chris Kedge, NMAA Assistant Director, asked Commission members for input concerning the number of allowed events for individual competitors in Track & Field. The NMAA currently allows athletes to participate in 5 events, which is not in compliance with NFHS rules that allow participation in only 4 events. The NMAA is concerned about liability issues and the safety of participants in these events.

Mr. Joe Giglia, Cimarron Track and Field coach, expressed concern regarding the validity of a track and field survey (pgs. 27-31) that was sent to all track and field coaches and his concerns regarding allowing participation in only 4 events.

Sport Specific Committees: Ms. Sally Marquez, NMAA Executive Director, asked the Commission for feedback regarding the future of Sport Specific Committees. The pros and cons of the sports specific committees were discussed along with possible changes for the future.

Break: 10:30 – 10:42

Sport Specific Committees: Discussion ensued.

Selection / Seeding: Ms. Sally Marquez, NMAA Executive Director, asked if there were any questions concerning Selection and Seeding. No questions were asked.

Spirit (Sport / Activity): Ms. Sally Marquez, NMAA Executive Director, asked for input concerning the sanctioning of Spirit as a Sport. Ms. Marquez also added that the NMAA State Spirit competition will be held at the UNM Pit this year.

Status of Classification and Alignment: Mr. Bill Cleland, NMAA Associate Director, discussed the Classification and Alignment timeline approved by the Board of Directors at the June 2013 meeting. The goal is to have a Section 4 of the NMAA Handbook that can remain the same from block to block. On November 20, 2013, the Board will vote on classes / districts for the 2014-15/2015-16 block and on December 5, 2013, schools that wish to appeal to the Board may do so. Ms. Marquez added that 40 day counts for all schools need to be submitted to Bill Cleland (bill@nmact.org) at the same time they are submitted to the PED, so that NMAA staff can complete the Classification and Alignment process in a timely manner.

Sport Specific Action Items:

Tennis: Standardize match scoring for district contests: Mr. Joe Butler, NMAA Assistant Director, asked Commission members to consider a proposal to standardize the match scoring for all district regular season and district tournament matches, as follows: best two-of-three tie-breaker sets, with ad scoring and a 7-point tie-breaker at 6-all in each set. All team matches will utilize a 9-point format (6-singles and 3-doubles matches) and will be played out to the full nine points. For postponed or suspended matches (due to darkness, weather or other conditions), refer to NMAA Handbook Sections 7.9 and 7.10. For district team matches, if it is determined that a match cannot be continued, it shall be rescheduled and continued from the point of interruption. Rescheduling of a suspended match shall be by mutual agreement. If agreement cannot be reached, the NMAA director of tennis will determine a date and time for the rescheduled match. The rationale for this proposal is that standardizing match formats throughout all districts statewide, provides consistency for the sport of tennis in qualifying players and teams to the state tournament. Mr. Barreras made a motion to accept the proposal as presented. Mr. Martin seconded the motion. A vote was taken and passed unanimously (15-0).

Tennis: Standardize tie-breaking procedure for district placement: Mr. Joe Butler, NMAA Assistant Director, asked Commission members to consider a proposal to change bylaw 7.21 – District Tournament: Team Champion so that in tennis districts where the district team champion is determined based on results of head-to-head matches against all other district teams, a statewide district formula for breaking ties in team placement would be established. The rationale for this proposal is to establish a standard system statewide that is based on both USTA principles and NMAA tie-breaker rules in other sports, thereby creating consistency amongst districts for state qualifying purposes. Mr. Barreras made a motion to accept the proposal as presented. Mr. Carver seconded the motion. A vote was taken and passed unanimously (15-0).

Track and Field: Require Fully Automatic Timing (2015): Mr. Chris Kedge, NMAA Assistant Director, asked Commission members to consider a proposal that would require that all state qualifying track and field meets be timed using a Fully Automatic Timing (FAT) system. This requirement would begin with the 2015 track and field season. The rationale is that by requiring state qualifying track and field meets to use FAT timing, it ensures that all times submitted are accurate for seeding purposes. Mr. Kedge presented a track and field survey showing support for the proposal. Mr. Barreras made a motion to accept the proposal. Mr. MacFarlane seconded the motion. Discussion amongst the members suggested modification to the proposal. Mr. Barreras rescinded his motion to accept the proposal. Mr. Martin made a motion to accept the proposal beginning with the 2016 season instead of 2015. Mr. Affentranger seconded the motion. A roll call vote was taken and passed (11-3) as follows:

Yes	No	Commission Member

Track and Field: Remove Bylaw 7.22.3 E (Finals Qualification): Mr. Chris Kedge, NMAA Assistant Director, asked Committee members to accept a proposal that would eliminate Bylaw 7.22.3 E which states “in all races except distance events, contestants qualify for the finals on the basis of time only.” The rationale for the elimination is that it would allow the NMAA to use the NFHS preferred system that allows heat leaders and a designated number of the next fastest runners (dependent on the number of heats) to advance to the finals through head to head competition. Mr. Barreras made the motion to accept the proposal as presented. Mr. Baca seconded the motion. A vote was taken and passed (14-1).

General Action Items

Policy to establish/maintain sports/activities (Referenda): Ms. Dana Pappas, NMAA Deputy Director, asked Commission members to consider a proposal as follows: “In order to add a new sport or activity to the New Mexico Activities Association, ten percent (10%) of member high schools must indicate their intention to participate in that sport or activity. Prior to the start of a new block, NMAA staff will review all programs and conduct a feasibility study for the continuance of each sport/activity it offers.” The rationale is that in the past, the NMAA has been approached by various groups wishing to establish new sports or activities in the state. While the standard answer has been that 12 programs are necessary, no policy was in writing. This proposal would establish such a guideline. Ms. Nelms made the motion to accept the proposal as presented as a referenda item. Mr. Tillman seconded the motion. A vote was taken and passed unanimously (15-0).

Remove bylaw item 6.7.7 A.6 (Boarding School Foreign Student) (Referenda): Ms. Sally Marquez, NMAA Executive Director, asked the members to consider a proposal to remove Bylaw 6.7.7 A.6 (Boarding School Foreign Student) thereby allowing all foreign students who are boarding to be immediately eligible. The rationale for the proposal would allow boarding foreign students to be immediately eligible upon enrollment, treating them the same as all other boarding school students. This will also allow boarding schools to have a true 40-day count when it comes to Classification and Alignment. Mr. Carver made the motion to accept the proposal as presented. Mr. Mabrey seconded the motion. A vote was taken and passed unanimously (15-0).

Consider Adjournment

Mr. Johnson asked for a motion to adjourn the meeting at 11:56 a.m. Mr. Martin made the motion to adjourn the meeting. Mr. MacFarlane seconded the motion. A vote was taken and passed unanimously (15-0).

FOOTBALL PRACTICE REGULATIONS

___ Action Item
x Discussion Item

___ Referenda Item
___ Non-Referenda Item

Presenters: Dusty Young, NMAA Associate Director

Proposal: Discussion of proposed football practice regulations that would be added to Section 7 of the NMAA handbook.

Rationale: Concussions and player safety in the sport of football have become hot topics across the country at all levels over the past few years. The NFHS Football Rules Committee met in January and one item of discussion dealt with practice regulations. Although the committee's position was not to mandate a universal policy to be used across the country, it was strongly recommended that each state association look to implement its own policy moving forward.

Budget Impact: None

NMAA Staff Recommendation: In Favor of this Proposal

Proposed Football Practice Regulations ("full contact" regulations)

The intent of the NMAA's proposed practice regulations is to limit full contact/live action and not the number of practices a team may participate in using full pads. A team may participate in "air", "bags", "wrap", and "thud" drills and simulations at any point.

For the purpose of these regulations, the following definitions shall apply:

Full Contact – football drills or live game simulations where "live action" occurs.

Live Action – contact at game speed where players execute full tackles at a competitive pace taking players to the ground.

Air – players should run unopposed without bags or any opposition

Bags – activity is executed against a bag, shield, or pad to allow for a soft-contact surface, with or without the resistance of a teammate or coach standing behind the bag.

Wrap – drills run at full speed until contact, which is above the waste with the players remaining on their feet.

Thud – same as wrap but tempo is competitive with no pre-determined winner and the players are not tackling to the ground.

Shells – players are dressed in shorts, shoulder pads, and helmets

**NOTE* – It is assumed that when players are in "shells", no live action will occur

The NMAA proposes the following regulations regarding full contact during football practices:

Week 1 (NMAA Week #6) – The first two days of practice should be in shorts and helmets (no pads). During days three and four players should be in shorts, shoulder pads, and helmets ("shells"). Full pads can then be worn during days five and six – during this time full contact is allowed but should be limited to no more than 30 minutes per player on each day.

***Weeks 2-3 (NMAA Weeks #7-8)** – Full contact is allowed for a total of no more than 120 minutes per player per week. Also, on a single day, full contact should be limited to no more than 30 minutes per player. In addition, one intra-squad or scrimmage would be allowed.

**NOTE* – Per NMAA Bylaws, schools are allowed ONE scrimmage. In addition, players must participate in a minimum of 10 days of practice prior to participating in a game.

Weeks 4-End of Season (NMAA Weeks #9-End of Season) – Full contact is allowed for a total of no more than 90 minutes per player per week. Also, on a single day, full contact should be limited to no more than 30 minutes per player.

FOOTBALL MERCY RULE

☒ Action Item
☐ Discussion Item

☒ Referenda Item
☐ Non-Referenda Item

Presenters: Dusty Young, NMAA Associate Director
David Campbell, Football Sports Specific Committee (A.D. Rep)

Proposal: Consider adjusting current NMAA Football Bylaws pertaining to the “mercy rule”.

Rationale: Current bylaws call for a game to be terminated once a team is up 50 or more points at halftime or at any point during the second half. In addition, a running clock is to be used if a team is up 35 or more points at halftime or at any point during the second half. At the various 11-man football levels, coaches across the state feel that the running clock is sufficient, but that the 50 point termination rule is not necessary and should be removed. At the 6 & 8-man levels, coaches do feel that the 50 point mercy rule is needed and that the running clock rule should be extended. The current proposal brought forth by the football sport specific committee reads as follows.

11-man: *When a team is ahead at the end of the 1st quarter by 35 or more points or becomes 35 or more points ahead in the second quarter and beyond, the clock will not stop during out of bounds, incomplete passes or first downs. The clock only stops for timeouts or scores. If the point differential becomes less than 35 points, regular timing resumes.*

6 & 8-man: *When a team is ahead at the end of the 1st quarter by 35 or more points or becomes 35 or more points ahead in the second quarter and beyond, the clock will not stop during out of bounds, incomplete passes or first downs. The clock only stops for timeouts or scores. If the point differential becomes less than 35 points, regular timing resumes. A game is ended at halftime or during the second half if a team is 50 or more points behind.*

*NOTE – A January survey sent to head football coaches attained 59 responses. Results were 34-25 in favor of removing the 50 point game termination portion of the mercy rule.

WRESTLING DISTRICT DUAL MEETS

☒ Action Item ☒ Referenda Item
☐ Discussion Item ☐ Non-Referenda Item

Presenter:

Scott Owen, NMAA Director of Wrestling

Proposal:

Require each district member school to compete against the other in a dual meet format competition. The results of district dual meet competition will determine:

1. District championship and runner-up teams
2. District trophies/awards, Directors Cup (all sports) points, etc.
3. Champion coach represents district on the state seeding committee for districts with two or three teams, champion and runner-up coach represents district on seeding committee for districts with more than three teams.
4. District individual tournament would serve only as a state qualifier with no team score kept.

Rationale:

The current trend among coaches is to maximize the number of individual matches with little regard for team competition. This trend negatively affects a school's fan base by isolating its athletes to a schedule predominantly focused on individual tournaments, most, if not all, hosted by another school.

The current system has no "team" component. There is no relevance to team competition which lends itself to coaches deemphasizing the dual meet and typically not fielding their best team or forfeiting weight classes when dual meets are scheduled.

Requiring schools to compete against every other school in their district for a district championship would:

1. Create a team-specific component with team/district significance.
2. Promote school spirit by creating district competitions and rivalries that have relevance.
3. Increase the opportunity for home events further promoting your school's athletes as well as increasing fundraising opportunities.
4. Make district dual meet competition highly relevant for district placement and Director Cup points.

Budget Impact:

This requirement would not be excluded from the 32-point competition limit thus no change in overall competition points. Some schools may experience a slight increase in travel based on the new district alignments.

NMAA Staff Recommendation:

Approve

WRESTLING DISTRICT DUAL MEET COMPETITION POINTS

☒ Action Item ☒ Referenda Item
☐ Discussion Item ☐ Non-Referenda Item

Presenter:

Scott Owen, NMAA Director of Wrestling

Proposal:

Assign 0.5 points to “stand-alone” district dual meets.

Rationale:

Currently single dual meets count for 1.0 point against the 32-point competition limit. This proposal would assign 0.5 points to stand-alone district dual meets to incentivize coaches to utilize the stand-alone meet to help promote district competition and rivalries as well as aid in fan appeal and school spirit.

Only “stand-alone” district dual meets would incur the 0.5 points. District duals held in any other format (triangular, quad) would count as currently stated in by-law 7.24.1.D of the NMAA handbook.

Similarly, non-district stand-alone duals would also count the standard 1.0 point as stated in the handbook.

Budget Impact:

There is no requirement that schools utilize the stand-alone district dual meet although this practice would be encouraged. Schools who wish to utilize the stand-alone district dual meet can expect to see a minimal increase in overall competition limits, increasing point limits anywhere between one to two points. For those not choosing to utilize stand-alone district dual meets there would be no financial impact.

☐ Discussion Item ☐ Non-Referenda Item

Presenter:

Scott Owen, NMAA Director of Wrestling

Proposal:

Require each state qualifying wrestler to have a complete individual record uploaded to the NWCA/Track Wrestling online platform for state seeding purposes.

Rationale:

1. Expedites the state seeding process by providing a database of individual matches with quick access to head-to-head results, common opponents and other state seeding criteria.
2. Removes gamesmanship and increases transparency among schools and coaches.
3. Promotes the sport and its participants by providing detailed individual records accessible by all.

Budget Impact:

Any school failing to provide a complete individual record for any of its state qualifying athletes would incur a monetary fine of \$250.
