SECTION IX
JUNIOR HIGH/MIDDLE SCHOOL
(See Section VI for General Eligibility Rules and Section VII for General Athletic Rules)

9.1 JUNIOR HIGH/MIDDLE SCHOOL COMMITTEE

A. Purpose: To represent the Junior High/Middle School division of the NMAA, to consider the total programs of the junior high/middle school level; and to give input to the Bylaws Committee and/or Commission. Recommendations for referenda relating to this division may also be made to the Director.

B. Committee Composition: The statewide committee shall be composed of ten representatives, two from each of the identified regions. Eligibility is limited to employees of member schools in good standing serving in an administrative capacity.

C. Representatives will be appointed by the Director.

D. Chairperson: The Chairperson shall be appointed by the Director and shall serve on the Commission.

E. Meetings: The committee shall meet twice a year at a time and place determined by the Director.

F. Voting: All decisions shall be by a majority vote. Members shall have one vote each.

9.2 JUNIOR HIGH/MIDDLE SCHOOL MEETINGS

On an annual basis, the NMAA will conduct five (5) centralized regional meetings throughout the State of New Mexico for representatives of member schools. These meetings will be conducted in early fall.

9.3 INTERSCHOLASTIC ELIGIBILITY: GENERAL

A. All participants (administrators, coaches, athletes, officials, parents, fans, etc.) are expected to: 1) conduct themselves in a manner which reflects the “Compete with Class” core values (Respect, Integrity, and Personal Responsibility) and 2) hold themselves and other participants accountable for actions that do not reflect those core values.

B. When determining the eligibility of students, it is the school’s responsibility to read and follow all of the policies and procedures in Section VI (NMAA Handbook).

C. With the exception of football and with the approval of the local school board, sixth grade students are permitted to participate on seventh and eighth grade teams.

D. Sixth grade students who participate at the Junior High/Mid School level must follow all policies and procedures applicable to seventh and eighth grade students.

E. Sixth and Seventh grade students are not eligible under any circumstances to participate with senior high teams.

F. Seventh and eighth grade students cannot play down at any level.

G. Eighth grade participation at the high school level is permitted with the approval of the local school board. As per NMAA bylaw 6.4.1.A.2, the “8th grade participation form” (found in the forms section of the NMAA website under eligibility forms) must be submitted to the NMAA for approval prior to participation.
H. An eighth grade student may participate in interscholastic sports at the high school level. 8th grade students not already attending the institution they will be participating for must participate at their home attendance zone public high school. Once the election is made to participate on a high school team that is the Student’s open enrollment choice. A change of school attendance after this open enrollment choice will be governed by the transfer rules outlined in Section VI.

I. In Class A and 2A, an eighth grade student may participate on a junior high/middle school team concurrently until the junior high/middle school game limitations are reached.

J. A 9th grader can participate at the middle school level in A and 2A, as long as there is a mutual agreement between the schools. 9th graders at 3A-5A schools may not participate at the middle school level.

K. Once an eighth or ninth grade student in Class 3A - 5A participates at the high school level, he/she is required to stay at that level in that particular sport.

L. A student entering school for the first time in a school year must have enrolled by the tenth (10) school day of that semester to be considered for immediate athletic eligibility. If not enrolled by the 10th day, the student is ineligible until his/her eleventh (11) day of attendance.

M. The 10-day rule applies if the student is absent from school for 10 or more school days and is officially dropped from the school registry, unless out of school due to documented illness or injury. A student is required to practice the appropriate number of days in advance of participation in a contest/game/match (i.e. ten (10) days for football/spirit and five (5) days for all other sports).

N. Transfer rules outlined in Section VI, do not apply to Junior High/Mid School students who have transferred in good standing and who have not participated at the high school level.

O. (K-5) students cannot play up on junior high / middle school teams.

P. Age Limitations:
   Sixth Grade: A Student must be less than 13 years of age on August 31st of the current school year.
   Seventh Grade: A Student must be less than 14 years of age on August 31st of the current school year.
   Eighth Grade: A Student must be less than 15 years of age on August 31st of the current school year.
   Ninth Grade: A Student must be less than 16 years of age on August 31st of the current school year.
   Note: Age appropriateness does not supersede allowable semesters of competition. (See 6.13.1)

Q. A Student making a bona fide change in residence and who meets all other NMAA requirements will be ruled eligible to compete in a sport at the receiving school even though he/she has participated in that sport at his/her previous school during that same sports season. Students who are considered transfer students, without a bona fide change in residence, will not be allowed to participate in a sport at two different schools during the same sports season.

R. Student Transferring to Follow a Coach in Middle School
   The transfer/residency requirement is implemented as a means to discourage recruitment and reduce the opportunity for undue influence. Beginning with the summer prior to the 7th grade, if a student participates on a non-school team (i.e. AAU, American Legion, club settings, summer program, etc.) that is affiliated with or coached by a coach associated with that same sport at a school other than the one the Student attends or has attended, and then transfers to that school, regardless of change in bona fide residence, it will be assumed that the Student has been recruited to attend that school or transferred to that school for athletic reasons, and the Student will be ineligible for all high school athletic participation for both the 8th and 9th grade school years. If the Student transfers to a school that his/her coach has relocated to, regardless of change in the Student’s bona fide residence, it will
be assumed that the Student transferred to that school for athletic reasons and he/she will be ineligible there for all high school athletic participation for both the 8th and 9th grade school years.

**Q1:** If a student athlete plays on a summer league team, participates in summer practices, etc. at a jr. - sr. high school outside of his/her attendance zone, and then transfers to that school, is he/she in violation of the Student Transferring to Follow a Coach bylaw?

**A1:** Yes. If a student has not officially withdrawn from his/her present school and enrolled in the new school that he/she plans to attend, he/she will be deemed ineligible should he/she choose to transfer to that school after participating on a summer league team, and/or in summer practice, open gym, etc.

## S. Open Enrollment Choice

An incoming ninth grade student, or an eighth grade student who participates at the high school level, will have made his/her Open Enrollment Choice. 8th grade students not already attending the institution they will be participating for must participate at their home attendance zone public high school. For ninth grade students, the Open Enrollment Choice can be to attend a school within the attendance zone of his/her primary residence or attend a school outside the attendance zone of his/her primary residence, to include a private school, with an approved transfer.

**Q1:** If an 8th grade student in the 3A-5A classification participates at the high school level in one sport, must the student remain at the high school level in all sports?

**A1:** An 8th grade student in the 3A-5A classification may participate at the high school level in one sport and at the jr. / mid. high level in others.

## T. For Charter School/Alternative School/Home/and Non-Member Private School student participation and eligibility please refer to Sections 10.1-10.7.

### 9.4 INTERSCHOLASTIC ELIGIBILITY: SCHOLARSHIP

#### A.
A Student first participating at the sixth or seventh grade level may compete without reference to his/her immediate or previous scholastic record. The end of the first semester establishes the scholarship requirements for this Student.

#### B.
An eighth grade Student competing in interscholastic sports at the high school level has made his/her open enrollment choice. The Student may compete without reference to his/her immediate or previous scholastic record. The end of the first semester in 8th grade establishes the scholarship requirements for this Student.

#### C.
A ninth grade Student who has not previously competed in interscholastic sports at the high school level has his/her open enrollment choice. The Student may compete without reference to his/her immediate or previous scholastic record in eighth grade (last semester). The end of the first semester in 9th grade establishes the beginning of the scholarship requirements for this Student.
D. Academic Eligibility

For Fall 2020 only, a Student may compete without reference to his/her immediate or previous scholastic record (last semester). The end of the 1st grading period (6 or 9 weeks) is the beginning of the scholarship requirement (2.0 with no F’s) for Students.

1. A Student shall have a 2.0 grade point average with no F’s, based on a 4.0 grading scale, or its equivalent, for the semester grading period immediately preceding participation.

2. Stricter guidelines may be imposed by the school/district.

E. The cumulative provision cannot be utilized for middle/junior high school students.

F. Classes or credits may be made up in summer school. Only core classes (English, Math, Science, or Social Studies) or a literacy or math block may be made up in summer school. Grades earned during a summer session must be placed on a student’s transcript by the school registrar prior to the first day of the fall semester in order for the course to be utilized for eligibility purposes.

G. If a student is ineligible at the semester, they may become eligible at the next regular grading period.

Q1: My middle school only uses quarter grading periods. How should we determine scholastic eligibility?

A1: Scholastic eligibility is based on grades earned the semester preceding participation. The middle school must determine a semester grade for each course to comply with NMAA scholastic eligibility requirements.

Q2: A student fails a middle school course during the spring semester. The student opts to take summer school to repeat the course however; the school only provides pass/fail marks during summer school. If the student earns a “pass” mark, does this replace the F earned during the spring semester?

A2: No. In order for a failed course to be replaced during summer school, the student must pass the exact course and receive a letter grade.

Q3: A middle school student is deemed scholastically ineligible at the end of a semester and the middle school does not offer summer school. When can that student regain his/her eligibility?

A3: Ineligible students may regain their eligibility at the next regular grading period of the following semester. If utilizing a 6-week grading period, students that regain their eligibility after the first 6-weeks of the semester (1st or 4th 6-weeks), must also have their eligibility checked at the next 6-week grading period of that semester (2nd or 5th 6-weeks).

Q4: An incoming ninth grade student who has not yet participated in high school sports failed a spring semester middle school course as an 8th grader the previous school year. Is this student afforded a clean slate for the incoming school year as a ninth grader?

A4: Yes. If the student is an incoming ninth grade student who has not yet participated at the high school level, he or she is afforded a clean slate for high school participation. The end of the first semester will establish the scholastic eligibility requirements for this student.
9.5 DUAL PARTICIPATION

A. Participation on a non-school team in the same sport during the school season is discouraged. If a Student is allowed by the Junior High/Middle School to participate in this manner, the Student is expected to give the interscholastic schedule precedence. In the event of a conflict with the school schedule, the decision will be left up to the local school board.

Note: If in a particular sport, a school allows an athlete to participate on school and non-school teams simultaneously, the non-school affiliated games do not count against the athlete’s game limit.

Exception: Dual participation is not allowed in the sport of football.

B. If an eighth grade Student is participating at the high school level, the dual participation rules in Section VI apply.

9.6 GAME CONTRACTS, GUARANTEES, FORFEITURE FEES

9.6.1 Only the administrative head or legally designated school employee shall enter into contracts, pay guarantees or officials, or make final arrangements for events.

9.6.2 Schools should contract contests subject to the following exceptions:

A. A school may not contract or compete against non-member schools.

B. A school may not contract or compete against a school suspended by the Association.

9.6.3 Contracts for regular season contests shall be in writing. The original contract is binding unless nullified by a subsequent contract.

9.6.4 Forfeits

Game contracts need to provide a forfeiture fee to be paid should there be a failure on the part of either party to carry out arrangements agreed upon.

A. Regardless of sport, if two weeks (14 calendar days) notice is not provided before the cancellation of a game/contest/event, a forfeiture fee will be imposed. By mutual agreement, the forfeiture can be waived.

B. When schools do not have a forfeiture fee in their contract for a regular season event and cannot resolve the failure of one school to fulfill the contract, the Board has established minimum forfeiture fees as follows:

**Minimum forfeiture fees:** If not already in the contract, this applies to both regular season games and tournaments. Other costs of putting on the contest, as well as lost revenues may also be taken into consideration by the Director in assessing the fee owed by the school for failing to meet the obligations of the written or unwritten agreement.

9.8 SPORTS REGULATIONS

9.8.1 Baseball

A. Practice Date – Practice may begin on the Monday of Week #32.

B. Game Limitations – Each team or individual is limited to eighteen (18) games.

C. Sport Specifics

1. Length of Competition

   a. Per NFHS Rules, contests should be 7 innings in length. If a game is terminated for any reason before reaching 7 innings (or 6 ½ if the home team is ahead), the game is considered regulation when 5 innings have been completed (4 ½ innings if the home team is ahead).
b. By mutual agreement of the two schools, contest length can be adjusted to 5 innings if two games are played back to back (doubleheaders). If a 5 inning game is terminated for any reason before reaching 5 innings (or if 4 ½ if the home team is ahead), the game is considered regulation when 4 innings have been completed (or 3 ½ if the home team is ahead).

c. **Mercy Rule (10-Run Rule):** A game is ended any time after 5 innings or after 4 ½ innings when the visiting team is ten or more runs behind and has completed its turn at bat (after five innings).

2. **Baseball Bats** – Baseball bats used at the middle school level must follow NFHS standards as listed in the NFHS Baseball Rulebook. Although only wood/composite wood bats are allowed at the high school level, all approved BBCOR bats may be used at the middle school level. Middle school athletes participating in a high school level contest must use wood/composite wood bats.

3. **Pitching Restrictions**

   a. A pitcher may throw 90 pitches in any one day. The pitcher will be allowed to finish a batter if they hit the maximum limit (90) during an at-bat, but must exit the game after the batter.

   Note – Once a player exceeds the maximum daily pitch count threshold, that player is considered ineligible to pitch, and if used as pitcher once ineligible, the game must be forfeited by the team in violation of these regulations. The school and/or head coach will also be subject to additional sanctions as determined by the Executive Director.

   **Q1:** *Does a player who has exceeded his maximum daily pitch threshold have to be removed from the game completely, or can he stay in the game at another position?*

   **A1:** *Once the maximum pitch count threshold is reached, a player can stay in the game and participate at any position other than pitcher.*

   b. Coaches must keep a written record of all pitch counts for each player for all games. This information should be kept on file with the head coach and also reported to the school administration. (Coaches are responsible for their own players only)

   c. **Required Rest Periods**

   Calendar day = If a pitcher throws 75 pitches on Tuesday, that player cannot pitch again until Saturday (3 required calendar days of rest).

   Note – if a player pitches on consecutive days, the cumulative pitch count from those two days must be used to calculate the required rest period. Example = Pitcher A throws 17
pitches on Friday and 45 pitches on Saturday, which is 62 pitches cumulatively – required rest after day two would be 3 calendar days.

Q1: Pitcher A throws 17 pitches on Friday, thus is eligible to pitch on Saturday. How many pitches can he throw on Saturday?

A1: Pitcher A can throw 90\* pitches on Saturday. The daily maximum is 90\*, regardless if a player pitched the previous day. *Pitcher A may exceed 90 pitches if he is finishing an at-bat that started before 90.

1. Once a pitcher is removed, consideration should be given to the position he is assigned once he is done pitching. Consideration should be given to the throwing requirement of the fielding position once the pitcher vacates the mound.

2. Develop a pitching philosophy that includes the instruction in proper throwing mechanics, broadening the number of players who will become pitchers on their staffs, and developing a “work up” plan so that a pitcher is not throwing the maximum allowable pitches from the first day of competition (i.e., no more than 50 pitches in weeks 1-3, no more than 70 in weeks 4-6 to allow for growth and arm strength to develop.)

D. Officials - Schools are required to use a minimum of two (2) officials who are registered with the NMAA/NMOA office for all Junior High/Middle School contests.

9.8.2 Basketball

A. Practice Date - Practice may begin Monday of Week #16 for those schools that do not offer fall team sports programs (football, volleyball, and/or soccer) or for schools that have split seasons due to facilities. All other schools may begin on Monday of Week #19.

This applies to all levels including Junior High/Middle School. If a player enters into his/her sixth quarter of play in a day, a technical foul will be assessed on the coach and the player will be removed from the game.

D. Mercy Rule – When a team is ahead at half-time by 35 or more points or becomes 35 or more points ahead in the second half, the clock will stop only for time-outs and for two and three shot free throws. If the point differential becomes less than 35 points, regular time resumes.
