Below is a historical background of how NMAA State Track and Field Records were designated.

In 2001, the NMAA created Class 5A in the sport of track and field. At that time, Class A- 3A kept their records. Class 4A records were transferred to Class 5A records. Class 4A established all new records at that state meet.

In 2015 the NMAA created Class 6A in the sport of track and field. The track and field sports specific committee decided with the addition of Class 6A, that all current records would be transferred up a classification and Class A would establish new records starting in 2015. Class 6A competed during the years of 2015-2018.

In 2019, the NMAA eliminated Class 6A in track and field. At that time, the track and field sports specific committee decided that all records would be set at the classification in which the athlete/school competed at.
