Before the dual meet begins, the referee shall perform skin checks or verify skin checks have been performed by a designated, on-site meet, appropriate health-care professional.
Before a dual meet begins, a designated, on-site meet, appropriate health-care professional may perform the skin checks (PlayPic A). If so, the referee shall verify that the skin checks were performed by a designated, on-site meet, appropriate health-care professional before a dual meet begins (PlayPic B).
Before a tournament begins each day, skin checks shall be performed by a designated, on-site meet, appropriate health-care professional (PlayPic A) or the referee (PlayPic B).
One of the keys to preventing the spread of communicable skin conditions is to have wrestlers refrain from sharing soap, razors or towels.
COMMUNICABLE SKIN CONDITIONS AND SKIN CHECKS

It is imperative that ALL referees perform skin checks — or verify that skin checks have been done by a designated, on-site meet, appropriate health-care professional — as part of their pre-meet duties prior to EVERY dual meet and tournament. If there is a suspicious condition, the wrestler or coach MUST present the proper clearance form at the weigh-in for any dual meet or tournament in order for the wrestler to be allowed to compete.
COMMUNICABLE SKIN CONDITIONS AND SKIN CHECKS

- One of the keys to preventing the spread of communicable skin conditions is to clean wrestling mats daily with a solution of 1:100 bleach and water or an appropriate commercial cleaner.
POINTS OF EMPHASIS

CONTROL

- Is the very essence of wrestling.
- It occurs when an individual wrestler gains control of his/her opponent in such a way that he or she has restraining power over them.
- There are three phases of control.
  - Gaining
  - Losing
  - Changing
- It is important that the official is able to recognize when each phase transitions to another phase.
**ARM TRAP**

- In a rear-standing position with the defensive wrestler’s arm(s) trapped while he/she is lifted off his feet, it should be considered potentially dangerous.
- There is a risk that when the wrestler is returned to the mat and has no use of their arm(s) to break the fall, a serious injury could occur.
- Returning the wrestler to the mat in a controlled fashion is one of the highest priorities for the controlling wrestler and the observing official.
Coaches and referees must be at the forefront in promoting good sportsmanship, which includes eliminating profanity, among the athletes.
SPORTSMANSHIP/GOOD SPORTING BEHAVIOR

- Coaches and officials need to work together.
- Each match is an opportunity to teach life lessons in conjunction with wrestling.
- Coaches who model good and appropriate behavior will send a positive message to the student wrestlers and the spectators.
- The positive values learned will serve the students long after their interscholastic wrestling careers have concluded.
THE STATE OF HIGH SCHOOL WRESTLING

- The NFHS Wrestling Rules Committee is very concerned about the participation decline in high school wrestling.

- There may be a number of contributing factors: concussions, traditional uniform preferences, skin conditions, reduced or lack of home matches, overuse, and possibly the current conditions with young people having so many other options to occupy their time and energy.
The committee will continue to investigate other factors that are creating barriers for young people to enjoy this wonderful sport and will work from a rules-writing perspective to make helpful changes.

The committee encourages the local coaches to work with their school administration to address these issues as best they can at all levels of wrestling in their community. Together, we can turn this decline into an increase and welcome more young people into the sport of wrestling.
